

OPERATOR COMFORT & FOCUS
Ambient Lighting

AMBIENT LIGHTING

Ambient lighting relieves eye strain and increases monitor image clarity for operators who spend extended hours in monitor intensive environments.

- Above the surface, ambient lighting softens glare in both bright and dimly lit rooms.
- Below the surface, ambient lighting provides both glare reduction and work light in the foot well, guarding against trip hazards and entanglement.
- A desktop dashboard dimmer, shown right, allows operators to dial in their preferred lighting settings and make adjustments throughout their shift. Dimmer also available to mount on a fixed slatwall return.

SPECIFICATIONS

Energy-efficient blue LEDs.
Light position shields operator's eyes from glare.
Soldered leads are protected with heat-shrink wrap for durability and lasting performance.

Lengths are specified to fit the console width.
Above-surface and foot-well lighting ordered separately.
Plug-and-play 12 volt power supply ordered separately.
Optional dimmer switch also available.
