RE: Russ Bassett 911 PSAP Consoles

Dear Matt,

On behalf of the Adams County Communications Center, we would like to thank you and the Russ Bassett Corporation for your outstanding service during our selection, design phase, purchasing and installation of our Linear Sit Stand Consoles. The process went very smoothly and was well organized, making my job a lot easier as the project manager.

The finished product turned out amazing and all of our employees are very pleased with the outcome of our new consoles. It has been a pleasure to work with the Russ Bassett Corporation and you personally. We know we will be looking at Russ Bassett first for our future console needs.

Sincerely,

A handwritten signature in black ink, appearing to read 'Scott Gerhardt', written in a cursive style.

Scott Gerhardt
