### **Russ Bassett Aligns with Leading Pacific Northwest Security Products Representative**

WHITTIER, CA, January 6, 2021 – Russ Bassett Corporation (Whittier, CA), a leading manufacturer of command and control room console furniture for mission critical environments is pleased to announce a new partnership with OSS Reps to represent Russ Bassett console furniture products in the Security Operations Control (SOC) market.

Peter Fink, Russ Bassett Executive Vice President shares, “We are thrilled to partner with the OSS team to deliver console furniture to the Pacific Northwest SOC market. We appreciate OSS’s demonstrated success in the Security space. Together, we will provide comprehensive product and project support to Network and Security Operations Centers seeking modern, functional and durable console furniture.”

The Russ Bassett and OSS Reps partnership will leverage OSS’s Pacific Northwest market presence to offer a suite of console furniture products and project services. Russ Bassett and OSS will help Security teams create user-centered, tech-forward, space-efficient workspaces.

Through the Russ Bassett and OSS Reps partnership, customers will have access to full project support:

- more -

- 
- Integrated Product Platform Selection
  - Product and Interior Design Assistance
  - Space Planning to Maximize Traffic Flow and Sightlines
  - Customized Command and Control Console Furniture Design
  - Technology and Communications Equipment Integration
  - Project Management

Paul Conratt, Managing Partner of OSS Reps shares, “Leveraging our long-standing experience and reputation as a premier security products provider, this partnership will deliver modern, tech-forward console furniture to Pacific Northwest Security teams seeking a lasting and comprehensive solution for access control, video validation, and incident response activities.”

About Russ Bassett: Since 1960, Russ Bassett has designed and manufactured high quality, specialty furniture that solves problems not addressed by conventional office furniture products. Linn Steinbeck, Peter Fink and Mike Dressendorfer, all owners, lead a team of technical furniture experts focused on delivering best-in-class console furniture and an excellent customer experience. Russ Bassett proudly continues the heritage of American manufacturing. All Russ Bassett console furniture is designed, engineered, and manufactured at our headquarters and factory in Whittier, CA, USA.
